Due to scale and processing limitations, some state, MFL, FCL, and other parcels depicted on the map are shown as full 40 acres. In reality, actual acreage amounts may be much smaller. Also to be noted are that any land interest, ownership or easement parcels, excluding federal lands, that can be described as government lots, are not depicted on this map. Not all areas depicted on this map indicate ownership, but may represent easements or other designations.

The data shown on this map are available on a cost of resources basis from WDNR, GeoServices Section. See the "GIS Data sharing" section, visit <http://www.dnr.state.wi.us/org/at/et/geo>.
